The Application for Summer Seminar at the United States Air Force Academy is on-line at Academyadmissions.com and is open from 1 Dec 08 - 28 Feb 09. Students who wish to attend

Summer Seminar must be rising high school Seniors (i.e. attend the summer between their junior and senior year).

Students who want to attend must have an SAT/ACT or pre-SAT/ACT score to apply, but there are no minimums.

This year, the program has been expanded from 2 to 3 student sessions. Each session is 5 days and each session can accommodate 375 high school students. This new plan increases the total number of students who can attend SS by 50%.

- o Session A: 3 Jun – 7 Jun
- o Session B: 9 Jun – 13 Jun
- o Session C: 15 Jun – 19 Jun

Selections for summer seminar will be rolling selections; so it is best for students to apply early. Selection is made using a whole-person concept. If students are accepted, they will be notified and directed to complete an on-line registration. Students will be able to select their preference for sessions when they register; however, once a session has 375 students it will be closed out, so it is best for students to register ASAP after they are accepted.

The cost of this program is \$325 dollars.

Scholarships are not available.

Summer Seminar is not required for admission to the United States Air Force Academy.
